

## USAD Wireless Access Cost

\*Applies to Wireless Access Service Agreement and applicable Service Order

Access Plans	Plan Data	NRC*	MRC	Overage Rate per Mb **	Change Fee	Pooling	Minimum Term	Description
Plan A USA	1GB	\$2.00	\$20.33	\$0.027	\$2.00	Yes	12 Months	One Gbp of data per month of wireless data (USA Networks) on ATT and/or Verizon Wireless. Allows for overage and pooling.
Plan B USA	2GB	\$2.00	\$32.52	\$0.027	\$2.00	Yes	12 Months	Two Gbp of data per month of wireless data (USA Networks) on ATT and/or Verizon Wireless. Allows for overage and pooling.
Plan C USA	5GB	\$2.00	\$60.98	\$0.027	\$2.00	Yes	12 Months	Five Gbp of data per month of wireless data (USA Networks) on ATT and/or Verizon Wireless. Allows for overage and pooling.
Plan D USA	10GB	\$2.00	\$111.79	\$0.027	\$2.00	Yes	12 Months	Ten Gbp of data per month of wireless data (USA Networks) on ATT and/or Verizon Wireless. Allows for overage and pooling.
Plan E USA	20GB	\$2.00	\$203.25	\$0.027	\$2.00	Yes	12 Months	Twenty Gbp of data per month of wireless data (USA Networks) on ATT and/or Verizon Wireless. Allows for overage and pooling.

\* Per SIM card activation

\*\*Data is calculated by rounding up to the next whole kilobyte upon the termination of any PDP context and/or once every 24 hours if at least one (1) byte of data is passed during the day. Included data usage not used in a particular month may not be carried forward to another month and shall be lost.

Unlimited Access Plans	Plan Data	NRC*	MRC	Overage Rate per Mb **	Change Fee	Pooling	Minimum Term	Description
AT&T Unlimited Plan	Unlimited	\$50	\$608	NA	\$50	NA	12 Months	Unlimited ATT plan on USA Wireless Network. This plan is only available with purchase of managed Cradlepoint CBA850

Additional Features	NRC	MRC	Change Fee	Description
Static IP Address	\$2.00	\$7.00	NA	Provides a single IP Address per SIM card.

### Wireless Hardware Purchase

Vendor	Equipment	Web Link	Type	Use Case	Model Number(s)	Price Per Unit	Description
Cradlepoint	CBA850	<a href="#">Cradlepoint ARC CBA850   Cradlepoint</a>	LTE Adaptor/ Modem	Basic wireless connectivity/ failover/ out of band management	BB3-0850LP6-N0N	\$642.54	NetCloud Essentials for Branch LTE Adapters (Standard) with CBA850LP6, single LTE-A modem.
Peplink	BR1 Mini	<a href="#">MAX Single Cellular Mobile Router - BR1 &gt; Peplink</a>	LTE Router	Basic wireless connectivity/ failover/ out of band management/ IoT	MAX-BR1-MINI-LTEA-W-T	\$550.00	MAX BR1 Mini LTEA (Americas/EMEA) with Wi-Fi, single LTE-A modem, 100M throughput
Wireless Antennas and Adapters						ICB	Wireless antenna and adapters are available to strengthen wireless signals (where needed).

Wireless Hardware Installation Plans	NRC/device	Description
Configure and ship	\$300	Configure and ship hardware. Does not include shipping
Basic Onsite Install	\$425	Configure and ship hardware, perform signal testing, locate and install wireless router and SIM(s) to provide optimum signal. Does not include shipping
Professional Onsite Install	\$600	Configure and ship hardware, perform signal testing, locate and install wireless router and SIM(s) to provide optimum signal and installing a signal booster or external antenna. Does not include shipping

Managed Hardware Plans	MRC/device	Description
Cradlepoint	ICB	Hardware management plans are available for both Cradlepoint and Peplink Wireless Access devices.
Peplink	ICB	Hardware management plans are available for both Cradlepoint and Peplink Wireless Access devices.
